

Organic Manuka Honey – Comvita

Comvita Organic Active 5+ and UMF 10+ Manuka Honey is sourced from the nectar of New Zealand's native Manuka flower and is world renowned for its distinctive, rich flavour and unique aroma. Special techniques have been used to ensure that our honey reaches you in optimum condition. UMF10+ Manuka Honey is guaranteed to be at least UMF 10 and has been verified by an independent testing laboratory. Only some Manuka honeys from New Zealand have the special UMF (Unique Manuka Factor) activity.
